

## Administrative Progress Report (APR) October 2005

**To: POST Commissioners and Advisory Committee**

**From: KENNETH J. O'BRIEN**  
**Executive Director**

The APR is a monthly status report intended to inform POST Commissioners and law enforcement officials of recent progress on projects and instructional programs currently under development at POST.

### **FORMER POST COMMISSIONER ORVILLE "BUD" HAWKINS PASSES AWAY**

As he was known to most, Bud passed away on Friday, November 4, 2005. On June 29, 2005, Bud turned 90 years old and celebrated his birthday at both DOJ and POST events. Bud served on the POST Commission from 1995 to 2005 representing former Attorney General Dan Lundgren and the current Attorney General Bill Lockyer. Bud was an icon in California law enforcement and a strong supporter of POST.

His 65+ years in law enforcement began in 1936 with the Los Angeles County Department of Forestry and continued with the U.S. Border Patrol and the U.S. Coast Guard Intelligence Unit.

In 1946, Bud began his nearly 60 years of distinguished service with the California Department of Justice (DOJ). He served as the Special Law Enforcement Liaison to the Attorney General, personally representing the Attorney General with chiefs of police and county sheriffs to address problems of mutual concern to state and local law enforcement. In that role, Bud participated in and led countless state law enforcement meetings that resulted in solutions and innovations that have improved the quality of service that public safety professionals provide. During his career at DOJ, Bud served as Assistant Chief, Bureau of Narcotic Enforcement; Assistant Director and Director, Division of Law Enforcement; and as Special Assistant to the Sacramento County Sheriff for Governmental Affairs. Bud served 10 Attorney Generals.

Between 1963 and 1966, Bud founded the California Law Enforcement Telecommunications System (CLETS) Advisory Committee. Under his leadership, CLETS became a national model for the collection and instantaneous dissemination of vital law enforcement information that sworn peace officers rely on each and every day to do their jobs and protect public safety. At the time of his passing, Bud continued to serve as the Chairman of the CLETS Advisory Committee.

In 1993, the Law Enforcement Data Center was renamed in Bud's honor. It is now known as the Hawkins Data Center, within DOJ's Division of California Information Services, in recognition of his many years of service to the law enforcement community.

As a pioneer in law enforcement technology, Bud was the founding Executive Director of SEARCH, the National Consortium for Justice Information and Statistics. To honor Bud's contributions, SEARCH instituted the annual O.J. Hawkins Award for Innovative Leadership and Outstanding Contributions in Criminal Justice Information Systems, Policy, and Statistics in the United States.

Bud was preceded in death by his wife, Irene, and is survived by his son, Gary, and Gary's wife, Mindy.

Bud will be missed by his many friends in law enforcement and at POST.

## **STATUS OF ELECTRONIC COURSE CERTIFICATION PROJECT**

The course certification portion of the Electronic Data Interchange (EDI) is currently in the programming phase. When the project is completed, it will enable course presenters to submit and track course certification documentation using secured Web communication software.

Various training presenters have seen mock-ups of the proposed screens showing system flow and have provided suggestions for improvement. An Internet-based process was developed to allow a course presenter to review Skills and Knowledge modules. Programming for new course certification requests and the POST review and approval process is nearly complete.

Future programming includes the following:

- Course presentations
- Course modifications
- Course recertifications
- POST multimedia course requests
- POST administration
- Data conversion

The completion goal for EDI course certification is for the first quarter of 2006. The initial design of the on-line entry and amendments of course rosters has been completed. Further course roster development is planned after the course certification phase is implemented.

Questions about POST's Electronic Course Certification project may be directed to Senior Information Systems Analyst John Barry, Computer Services Bureau, at (916) 227-3905 or by email at [John.Barry@post.ca.gov](mailto:John.Barry@post.ca.gov).

## **POST WELCOMES NEW CONSULTANT**

Bryon G. Gustafson, POST's newest Law Enforcement Consultant, reported to work on October 3, 2005. Bryon is assigned to the Training Program Services Bureau where he will manage the SB 719 legislative mandate (pursuit driving) and work with the Regional Skills Training Centers. Bryon will also assist as a facilitator at the upcoming Recruitment and Retention Symposium on November 15-17, 2005, in Burbank.

Prior to coming to POST, Bryon was a Lieutenant with the Sutter Creek Police Department where he functioned as the Executive Officer. Bryon is a past president of the Delinquency Control Institute and an Alumni Association graduate of the FBI National Academy. He is currently finishing a Master's Degree in Public Administration at the University of Southern California.

We welcome Bryon to POST and look forward to working with him.

## **BASIC COURSE WRITTEN TEST REVISIONS PROGRESSING**

The Standards and Evaluation Services Bureau is changing the content of the written exams that are part of the Basic Course. Staff has completed the validation work on 44 of the 56 tests. These changes are necessary to maintain test validity following extensive changes to the Training and Testing Specifications for the Peace Officer Basic Courses brought about by the Curriculum Alignment project. The curriculum changes and the associated tests become effective on January 1, 2006.

Questions about the Basic Course written tests may be directed to Senior Personnel Selection Consultant Ken Krueger, Standards and Evaluation Services Bureau, at (916) 227-2810 or by email at [Ken.Krueger@post.ca.gov](mailto:Ken.Krueger@post.ca.gov).

## **LAW ENFORCEMENT RESPONSE TO TERRORISM WEB-BASED TRAINING COURSE**

Development of the Web-based version of the Law Enforcement Response to Terrorism (LERT) course began in October. POST staff, subject matter experts, and the vendor, Allen Interactions, worked together to craft prototypes of several interactions that will provide a high-quality training experience for officers. A completed version of this course will be available on the POST Learning Portal. This will ensure that rural agencies and others who may not have easy access to the classroom-based version of the training can receive this training.

Questions about the LERT Web-Based Training course may be directed to Senior Instructional Designer Jan Myyra, Learning Technology Resources Center, at (916) 227-4546 or by email at [Jan.Myyra@post.ca.gov](mailto:Jan.Myyra@post.ca.gov).

## **POST STAFF ATTENDS LAW ENFORCEMENT FUNERALS**

On October 14, 2005, Senior Consultants Janice Bullard, Gregory Murphy, and Gary Manini of the Training Delivery and Compliance Services Bureau, and Senior Consultant Gary Sorg of the Center for Leadership Development/Homeland Security Bureau, represented POST at the funeral of Rocklin Police Officer Matthew John Redding. Officer Redding, a four-year veteran of the Rocklin Police Department, was assisting other officers at the scene of a traffic stop on Highway 65 when he was struck and killed by a DUI driver on October 9, 2005.

The funeral service was held at the Adventure Christian Church in Rocklin and was attended by scores of law enforcement chief executives, command staff, and officers and deputies of all ranks; Public Safety Dispatchers; representatives from allied agencies including fire, corrections, and medical services; and state and local government dignitaries and officials. A reception immediately followed the service at the Bayside Covenant Church in Roseville.

On October 18, 2005, Senior Consultant Gary Manini of the Training Delivery and Compliance Services Bureau represented POST at the funeral of San Bernardino County Sheriff's Deputy Danny J. Lobo, Jr. Deputy Lobo, an 11-year veteran of the San Bernardino County Sheriff's Department, was struck and killed in a traffic collision on October 11, 2005, while responding on his police motorcycle to a traffic collision in Rancho Cucamonga. The service was held at the Hillside Community Church in Rancho Cucamonga and was very well attended.

Questions about the funerals may be directed to Region Seven Manager Gary Manini, Training Delivery and Compliance Services Bureau, at (916) 227-4868 or by email at [Gary.Manini@post.ca.gov](mailto:Gary.Manini@post.ca.gov).

## **POST STAFF ATTENDS RIVERSIDE COUNTY SHERIFF'S DEPARTMENT ACADEMY GRADUATION**

The Riverside County Sheriff's Department graduated the 165<sup>th</sup> session of their Basic Law Enforcement Academy on October 5, 2005. The graduates included 33 members of the Riverside County Sheriff's Department, in addition to four members of the Imperial County Sheriff's Department, one member of the Montclair Police Department, three members of the Palm Springs Police Department, and four non-affiliated graduates with Riverside Community College. The graduating class attained a class academic average of 92.96%.

The class elected Officer Lembit Kulbin, of the Palm Springs Police Department, as class president. He did an outstanding job leading his classmates through the strenuous 23-week academy.

Deputy Jerrod VanZanten, of the Riverside County Sheriff's Department, received the top Physical Training score and he broke the 13-year record for the 1.5-mile run with a time of 8:06.

Deputy Aaron Penning of the Riverside County Sheriff's Department received the top overall academic score. He had an academic average of 96.5% and scored 100% on all of his scenario tests.

The guest speaker was Assistant Sheriff John Boyd of the Riverside County Sheriff's Department. Assistant Sheriff Boyd was assisted by Captain John Gollogly, Commander of the Ben Clark Public Safety Training Center; Sergeant Robert Peebles, Academy Coordinator, Ben Clark Public Safety Training Center; and Dr. William K. Vincent, Ph.D., Dean, Public Safety Education and Training, Riverside Community College. Family members of the Sheriff's graduates pinned badges on and presented completion certificates to the new members of the Riverside County Sheriff's Department. Chiefs of Police and Command Staff from Police Departments that had graduates in the class also pinned badges on and presented completion certificates to their new members. They also were assisted by family members of the respective graduates.

The graduation ceremony was held in the Landis Auditorium at Riverside Community College in Riverside. The auditorium was filled to capacity with relatives and friends of the graduating class; representatives of federal, state, county, and city government; and members of many law enforcement agencies. Region Seven Manager Gary Manini, Training Delivery and Compliance Services Bureau, represented POST at the graduation ceremony.

Questions about the graduation may be directed to Region Seven Manager Gary Manini, Training Delivery and Compliance Services Bureau, at (916) 227-4868 or by email at [Gary.Manini@post.ca.gov](mailto:Gary.Manini@post.ca.gov).

### **NATIONAL INCIDENT MANAGEMENT SYSTEM (NIMS)/STANDARDIZED EMERGENCY MANAGEMENT SYSTEM (SEMS) TRAINING COURSES APPROVED**

POST, along with a group of emergency management experts, has completed the development and testing of the 8-hour *Basic Course for Response Personnel* and the 24-hour *Train-the-Trainer Course for Response Personnel*. These two courses meet or exceed federal FY 2006 requirements. The courses also meet or exceed California requirements contained in Government Code 8607 which was enacted in 1996.

On October 4, 2005, the federal government released the FY 2006 requirements for federal, state, local, and tribal governments related to the implementation of the National Incident Management System (NIMS). These requirements can be viewed at [www.fema.gov/nims](http://www.fema.gov/nims). There are four training components that must be met by October 1, 2006, in order to certify compliance. These courses address all four training components.

On October 28, 2005, the federal Office of State and Local Government Coordination and Preparedness (SLGCP) approved both the 8-hour basic course and the 24-hour instructor course. This approval allows agencies to use federal homeland security grant funds to pay for the cost of training to comply with the NIMS requirements using these courses. Both courses have been certified by POST for Continuing Professional Training (CPT). The courses are available from American Homeland Solutions (AHS) of Anaheim, CA, which is a POST-certified presenter.

Questions about the federal requirements for NIMS may be directed to Bureau Chief Ken Whitman, Center for Leadership Development and Homeland Security, at (916) 227-5561 or by email at [Ken.Whitman@post.ca.gov](mailto:Ken.Whitman@post.ca.gov). Questions about the courses may be directed to AHS at (714) 940-6370 or by email at [www.americanhomelandsolutions.com](http://www.americanhomelandsolutions.com).

## **BASIC COURSE CERTIFICATION REVIEW**

The Basic Training Bureau will be responsible for conducting the next Basic Course Certification Review. This is a process that allows POST staff to conduct a review of how the Regular Basic Course is presented and whether the presenters are following POST regulations in delivering this course.

There are 38 presenters of the Regular Basic Course in California. POST conducts an in-depth review of each academy once every three years. As part of the review, the academy must prepare a comprehensive Self-Assessment Report in advance of the course certification review. The Certification Review Team is comprised of a POST staff member, a director from another academy, and a representative of the Academy Advisory Committee.

The focus of the review is to examine the academy operations to ensure that it is in compliance with POST regulations for Basic Academies and to provide assurance to agencies that hire individuals from these POST-certified academies that graduates from any academy in California has the requisite knowledge and skills to enter the Field Training Program.

The on-site review consists of examining the administrative processes, course quality and delivery, facilities and equipment, and safety policies. In addition, the Certification Review Team makes recommendations for improvement of the program and identifies exemplary aspects of each presenter. A final report is written to the Academy Director and agency head or college president.

This function has been conducted by the Training Delivery and Compliance Services Bureau since 1984 and is being shifted to the Basic Training Bureau as it is enhancing its oversight of the delivery of foundational courses. Senior Consultant Ed Pecinovsky has been conducting these reviews for the past six years and has an opportunity to visit 30 of the 38 academies. Senior Consultant Charles Sandoval of the Basic Training Bureau will be assuming the responsibility for these reviews.

Questions about the Basic Course Certification Review may be directed to Senior Consultant Ed Pecinovsky, Training Delivery and Compliance Services Bureau, at (916) 227-4873 or by email at [Ed.Pecinovsky@post.ca.gov](mailto:Ed.Pecinovsky@post.ca.gov). You may also contact Senior Consultant Charles Sandoval, Basic Training Bureau, at (916) 227-3467 or by email at [Charles.Sandoval@post.ca.gov](mailto:Charles.Sandoval@post.ca.gov).

## **MODULAR FORMAT ACADEMIES TO HAVE ACCESS TO POST'S TESTING MANAGEMENT AND ASSESSMENT SYSTEM (TMAS)**

At its July 2005 meeting, the Commission approved the purchase of 60 additional site licenses for the Testing Management and Assessment System (TMAS) for Modular and PC 832 course presenters. Since then, staff has scheduled multiple regional training sessions for individuals who will operate the TMAS at the Modular/PC 832 sites. These presenters currently rely on the old POSTRAC system. POSTRAC is scheduled to be retired in December 2005, at which time all Regular Basic Course presenters may receive their tests via the TMAS.

The TMAS interface will be modified so that access to the curriculum and tests is determined by the level of each presenter's certification. For example, presenters who only present the PC 832 course will only see the PC 832 curriculum and associated tests; Modular Level III presenters will only be able to access the Level III curriculum and its associated tests. The new interface is scheduled for completion in December.

Questions about the deployment of the TMAS to the Modular and PC 832 presenters may be directed to Senior Personnel Selection Consultant Ken Krueger, Standards and Evaluation Services Bureau, at (916) 227-2810 or by email at [Ken.Krueger@post.ca.gov](mailto:Ken.Krueger@post.ca.gov).

## **MIDP CLASS #20 COMPLETES CORE COURSE**

Class #20 of the Master Instructor Development Program (MIDP) recently completed the initial 80-hour MIDP core course in Sacramento on October 7, 2005. The core course is the foundational rubric of the MIDP which includes the study of adult learning concepts, learning styles, Internet research and technology, mentoring and coaching skills, instructional system design, research and publication, and facilitation skills demonstration.

MIDP Class #20 represents a diverse student body from throughout California's law enforcement community and includes students from: *Ventura County Sheriff's Department, Fresno Police Department, Los Angeles Police Department, San Diego Sheriff's Department, Santa Ana Police Department, Stanislaus County Sheriff's Department, Gardena Police Department, San Luis Obispo County Sheriff's Department, Stanislaus County Regional 911 Center, San Mateo County Communications Center, California Department of Justice, Marin County Coroner's Office, Santa Rosa Police Department, San Francisco Police Department, and the Sacramento County Coroner's Office.*

Class #20 will meet in Sacramento during the week of November 7, 2005, to identify course presentation topics and to establish a learning contract formalizing the development of a total training package for POST.

Questions about the Master Instructor Development Program may be directed to Senior Law Enforcement Consultant Michael Gomez, Training Program Services Bureau, at (916) 227-3902 or by email at [Michael.Gomez@post.ca.gov](mailto:Michael.Gomez@post.ca.gov).

## **COMMAND COLLEGE CLASS 37 GRADUATES**

Command College Class 37 graduated on October 14, 2005. This was the first class to graduate with the revised comprehensive written project coupled with an article for publication. Four articles have been, or will be, published in the coming months. One article has been published in the October issue of the *Police Chief Magazine*, and articles will be published in the *FBI Law Enforcement Bulletin*, the *California Peace Officers' Association* quarterly publication, and in the *Tactical Officers* monthly publication.

The class speaker was Chief Carey Sullivan of the Woodland Police Department. The Dorothy Harris Award for the best article was awarded to Captain James Henchey from the Alhambra Police Department. The Hank Koehn Award for the most inspirational student was awarded to Lieutenant Damien Sandoval of the Walnut Creek Police Department, and the Outstanding Faculty Member Award was given to Dr. Moshe Rubinstein, a long time member of the Command College faculty. Assistant Executive Director Dick Reed represented POST and presented certificates and plaques to each of the 20 graduates.

Questions about the Command College program may be directed to Senior Consultant John Dineen, Center for Leadership Development/Homeland Security Bureau, at (916) 227-4549 or by email at [John.Dineen@post.ca.gov](mailto:John.Dineen@post.ca.gov).

## **POST COMPUTER SYSTEMS UPGRADED**

On October 14, 2005, the Computer Services Bureau (CSB) completed a 15-week project to replace POST's email, file server, and data backup systems. This project modernizes POST's computing environment and makes it more consistent with that of other state agencies.

The new systems are based on a standard Microsoft platform, replacing the previous Novell systems. The systems offer POST staff several new features such as support for handheld devices, extensive on-line calendars, and more flexible business contact lists. In addition, the systems are easier for POST computer personnel to support and maintain.

To become familiar with the new systems, each POST staff member completed four hours of training. The CSB held seven additional hour-long training sessions to address staff questions.

Questions about the POST computer system upgrade may be directed to System Administrator Colin O'Keefe, Computer Services Bureau, at (916) 227-3914 or by email at [Colin.OKeefe@post.ca.gov](mailto:Colin.OKeefe@post.ca.gov).

## **POST READING AND WRITING RESEARCH PROJECT MANAGEMENT FELLOW BEGINS HIS ASSIGNMENT**

On October 31, 2005, Lieutenant John Ruffcorn of the Riverside County Sheriff's Department's Ben Clark Training Center began a one-year contract as a POST Management Fellow in the Standards and Evaluation Services Bureau. Lieutenant Ruffcorn will assist POST staff as they examine the feasibility of raising the entry-level reading and writing requirement (Strategic Plan Objective A.14) and study the need for requiring a reading and writing examination for entry into the basic academy (Strategic Plan Objective A.15). Lieutenant Ruffcorn will act as a liaison between the Reading and Writing Research Project and the field. Lieutenant Ruffcorn may be reached at (916) 227-4827 or by email at [John.Ruffcorn@post.ca.gov](mailto:John.Ruffcorn@post.ca.gov).

Questions about the Reading and Writing Research Project may be directed to Personnel Selection Consultant Elizabeth Wisnia, Standards and Evaluation Services Bureau, at (916) 227-4830 or by email at [Elizabeth.Wisnia@post.ca.gov](mailto:Elizabeth.Wisnia@post.ca.gov).

## **MODULAR FORMAT PRESENTERS WORKSHOP**

The Basic Training Bureau hosted a three-day workshop for presenters of the Regular Basic Course Modular Format on October 4-6, 2005, in Sacramento. The first day consisted of training new Modular Format coordinators, including an overview of the Reserve Program, the history and development of the Modular Format and the responsibilities of the course coordinator. Bureau Chief Frank Decker facilitated the presentation, discussion, and group exercises.

The second and third day consisted of a general session for all Modular Format presenters. This portion of the workshop covered the integration of Leadership, Ethics, and Community Policing (LEC) into basic courses, the student workbook system, Training and Testing Specifications, instructor development, the upcoming POST Learning Portal, implementation of the Testing Management and Assessment System (TMAS), the Read/Write project, and an open forum discussion on presenting Modular Format courses.

Another training class for new Modular Format coordinators will be held in the spring of 2006.

Questions about the Regular Basic Course Modular Format may be directed to Senior Consultant Charles Sandoval, Basic Training Bureau, at (916) 227-3467 or by email at [Charles.Sandoval@post.ca.gov](mailto:Charles.Sandoval@post.ca.gov).

## **ICI CERTIFICATES REACH THE 1,300 MARK**

The Robert Presley Institute of Criminal Investigation (ICI) recently issued the 1,300<sup>th</sup> completion certificate. POST was legislatively mandated to present the ICI in 1994. A certificate is issued upon completion of the two-week Core course, a Foundation Specialty course, and three electives. The Core course provides instruction on the basic elements of the investigative process. Once the Core course is completed, a detective may complete one of 13 Foundation Specialty courses. Three elective courses are completed to enhance knowledge in the Foundation Specialty area. Of the 13 Foundation Specialties, "Homicide Investigation" has proved the most popular, accounting for 30 percent of the certificates issued. "Computer Crime Investigation" accounts for 12 percent of certificates issued, and "Sexual Assault Investigation" and "Narcotics Investigation" share an additional 20 percent of certificates issued. More than 200 California law enforcement agencies are represented among those earning ICI certificates to date.

Questions about the Robert Presley Institute of Criminal Investigation (ICI) Program may be directed to Senior Consultant Mike Hooper, Training Program Services Bureau, at (916) 227-3912 or by email at [Mike.Hooper@post.ca.gov](mailto:Mike.Hooper@post.ca.gov).
